# NATURAL READING

## MANUAL OF INSTRUCTION

(FOR TEACHERS)

By LEW A. BALL

Instructor, Primary Grades, Oakland School Department, Oakland, Cal.

Sent Postpaid to Teachers for 30c

JUST PUBLISHED And already adopted in many California Cities and Counties.

A book with specific methods for teaching children to read. It contains also all the material necessary to develop and drill every step, arranged in definite order for use. It covers a year's work.

Oral work leads to blackboard sentence, the sentence to recognition of the printed word, from which, finally,

the phonetic symbol is derived. These phonetics are dealt with as wholes and are blended into new words by recombination.

No diacritical marks or artificial devices are used in this method.

The appendix gives, in detail, this method of teaching reading as applied to the Cyr Readers. Cal. State Series.)

GINN & COMPANY, PUBLISHERS

1247 BROADWAY, OAKLAND

## Free Travelling Art Exhibits

200 large pictures, occupying 1,200 square feet

NEW PORTRAIT OF  
LINCOLN.

IN TURNER PRINT.

8 x 10 inches, 50 cents  
for introductory purposes  
(regular price, \$1.00);  
also in larger sizes. Illus-  
trated catalogue of other  
subjects in these beautiful  
prints, free.

**YOU** can raise money for school, church, club, or any other purpose by giving a splendid public art exhibit in your town or city.

We send this collection of ancient and modern art to you absolutely *free and without risk*. Already successful in 1,500 towns and cities. Visited by over 2,000,000 people. The center of an elevating social event, which will raise substantial funds for any purpose. Beautiful illustrated art exhibit catalogue, with full particulars, free on request.

**Systematic Decoration** of school, church, library, club, or any room a special feature of our work. This service is free. Upon request we will forward blanks for necessary particulars. Our art experts will then suggest the proper pictures and sizes.

# THIS

is Announcement No. 3 of the Story-Telling Contest inaugurated in the April number by the Sierra Educational News and Book Review. It

# IS WORTH

your while to use the wealth of material placed in your hands by the recent disasters in San Francisco and vicinity and write an interesting story.

We are offering a capital prize of

## \$100.00 IN GOLD

for the best story of 3000-5000 words, to be published in this paper. The manuscript may reach us at any time before October 1st, but we must have received from the competing author at least four or five consecutive announcements appearing in the April, June, July, August and September numbers of the S. E. N. & B. R. The contest will close on September 30th, 1906, and decision will be made as soon after as possible.

We will further offer \$30.00 for the Second Prize, and \$5.00 each for the Third, Fourth, Fifth and Sixth Prizes. All stories submitted shall be at our disposal for publication, and for others than those winning prizes we will make a cash offer.

## \$5.00 Reward For the Reader

judge, winner, "Ad" and reasons published in the Aug. number.

What is the best "Ad" in the July number of the "*Sierra Educational News and Book Review*" and why?

Name also the next best. Send replies with *Clipping* of this notice. Decision made in two weeks from publication, and names of

Say you saw it in Sierra Educational News.

## STONE & SMITH School Architects

Room 63 Macdonough Building

We make school work our specialty, and have designed over fifty modern school buildings in California.

Preliminary plans and estimates furnished upon application.

# GOLDEN STATE LIMITED

## THE COMFORT LOVER'S TRAIN

The route, San Francisco to St. Louis and Chicago via Los Angeles, El Paso and Kansas City, is the one of lowest altitudes—the warm winter way.

New composite-observation cars, buffet cars, luxuriously appointed sleeping cars, ideal dining-car service, train libraries, (catalogue of porter), electric lights, steam heaters, the many modern conveniences and the courteous attendants tend to make this train popular with transcontinental travelers.

Leaves San Francisco Daily at 5:00 p. m.

## SEE AMERICA FIRST

And Among the First Things

### SEE THE YELLOWSTONE PARK

Here, amid the grandeur of Alpine scenery, tinted with colors of indescribable variety and beauty, are geysers spouting at precise intervals their scalding waters skyward; terrace-building fountains; pools of steaming clay; everlasting springs iced in earth's depths or boiling from her furnaces; and the great Yellowstone Lake, a mile and a half above sea level; and romantic vales and shaded Glens; and all else that prodigal creative genius could furnish to fill the land with wonders.

The Oregon Short Line Railroad Company is at present engaged in the construction of a new line from St. Anthony, Idaho to the western border of the Park. With its completion passengers will be enabled to travel to within 17 miles of the Fountain Hotel by rail, affording

# WALK OVERS

## FITTED BY MAIL IN EVERY PART OF THE WORLD

When your order comes to the Walk Over Mail Order Department, it is treated exactly as you yourself would be treated if you called to buy a pair of shoes. Your order is attended to all through by an expert mail order salesman who knows both salesmanship and shoes. He selects your shoes and sees them shipped without fail the same day your order is received.

Write for style book and let us show you illustrations of what you have to select from and how to guarantee a perfect fit by mail.

## Correspondence School for Teachers

There is a demand for instruction by correspondence. California high school graduates and Eastern teachers seek **SPECIAL PREPARATION FOR EXAMINATION FOR TEACHERS' CERTIFICATES.**

With fifteen years' experience in class work, preparing over 900 persons for California and Arizona Examinations for teachers' certificates, this school invites confidence, correspondence and patronage.  
**FULL PARTICULARS TO APPLICANTS.**

For three years there has been an increasing shortage of good teachers. The remedy is a larger number of teachers certificated by examination. Constant employment at good salaries is practically assured.

Copy of school law for certification, list of subjects, sample questions, dates and rules for teachers' examinations sent for ten cents.

### NOTES

A number of changes in the faculty of the State Normal School were announced July 12th. Prof. Melville Dozier of the elementary mathematical department, who has been connected with the school for twenty-two years, is chief among those who will not be with the new faculty. John B. Cleveland of the University of Chicago, has been engaged as his successor.

Miss Ada Laughlin, resigned as art teacher after twelve years' service. She is succeeded by Miss Nellie F. Gere, one of the four superintendents of the public schools of Chicago. Miss Sarah Monks, who has been connected with the State Normal even longer than Prof. Dozier, is succeeded by Ernest Babcock, a graduate of the agricultural department of the University of California. Miss Alice M. Osden, teacher of reading in the Normal School of Macombe, Ill., succeeds Miss Katherine Gill. Dr. T. R. Croswell has withdrawn to engage in business, and is succeeded by Everett Shepherdson, already connected with the school.

Two new buildings, one for administration and one for the agricultural college work, will replace the building of the University of Idaho, destroyed by fire on April 18th.

Teachers in Oakland have been much annoyed by the refusal of the banks to cash their warrants. It is hoped that the adjustment of the trouble will occur soon.

During the absence of Miss Helen Perkins on an eastern trip during the fall, her place at Petaluma will be filled by Mrs. Jas. Dinwiddle, who, as Edith Kendall, formerly taught at Porterville and Yreka.

In the recent meeting of the State Board of Education "Ball's Manual of Natural Reading" on the Supplementary List, to accompany State Primer and First Reader.

On the evening of July 7th, the bookmen entertained Messrs. J. H. Mitchell and Mr. E. C. Boynton, who are soon to be married. The dinner was given at the Piedmont Park. Those present were: T. C. Morehouse of Macmillan Co.; C. C. Hughes of the American Book Co.; E. C. Boynton of Boynton & Esterly; S. C. Smith of Ginn & Co.; C. S.

Downes, formerly of Macmillan Co.; Mr. Norris of Atkinson, Mentzer & Grover; F. J. Lobbett of Educational Publishing Co.; H. A. Linscott, of Silver Burdett & Co.; and J. H. Mitchell of Educational Publishing Co.

On July 9th the Los Angeles City Board of Education adopted "Ball's Manual of Natural Reading" on the Supplementary list.

On July 10th Miss Gertrude Noe of Woodland, president of the County Board of Education, was married to Mr. J. H. Mitchell, formerly president of the County Board of Education of Humboldt county, and now traveling representative of the Educational Publishing Co. They will reside in Berkeley for the present. We extend our congratulations.

The Commercial High school of San Francisco re-opens on July 23rd.

Miss Helen E. Cooper, U. C. '02, formerly teacher in High School at Portland, Ore., and last year at Eureka, Cal., is now editing a collection of poems of the late Prof. Syle.

The average attendance in the Woodland, Cal., schools during the past year was 592.

A college girl has shown her class spirit by climbing a flagpole and tearing down the banner placed there by the members of another class in the school. Thus is the superiority of educational standards at that institution demonstrated. No girl possessing the instincts of a lady could rest in peace while that hated strip of cloth waved from the flagpole. The rag is down and the honor of the class saved.

The Alameda public schools are to open August 1st.

The Teachers' Relief Committee of San Francisco has adopted the following rules for the distribution of the fund for needy teachers:

First—The San Francisco National Bank shall be the depository of the fund, and money shall be paid only on checks drawn by the chairman of the finance committee countersigned by the chairman of the auditing committee.

Second—The fund shall be applied to the prompt relief of distressed teachers.

Third—The maximum gift to any individual shall be \$200, and the maximum loan to any one individual \$200 without interest or time limit.

Fourth—When the committee closes its account there shall accompany the report a recommendation as to the disposition of the balance.

# SIERRA EDUCATIONAL NEWS AND BOOK REVIEW

Published by  
**BOYNTON & ESTERLY,**  
at

717 Market Street, San Francisco, Cal.  
E. C. BOYNTON, Managing Editor.

A. L. RHEINSTROM,  
Circulation and Advertising Manager.

Entered as second-class matter January 23,  
1906 at the postoffice, San Francisco, Cal.,  
under the Act of Congress, March 3, 1879.

New York Office: 198 Broadway, N. Y.  
Los Angeles Office: 525 Stimson Block.  
Portland Office: 1200 Williams Ave.

Published monthly. Subscription, 50 cents a  
year; single copies, 5 cents. Payable in stamps  
or by money order. Offered in combination  
with other magazines. For special offers and  
advertising rates consult the advertising man-  
ager.

Subscribers will please notify us promptly of  
changes of address. We are not mind-readers  
nor clairvoyants, and if you move from Arizona  
to South Dakota we can't guess it.

## Publishers' Comment.

Business communications concerning this  
publication should for the present be sent  
to P. O. Box 321, Berkeley. Call upon us at  
the First National Bank Bldg.

Inasmuch as our mailing lists were de-  
stroyed and have had to be re-constructed  
from memory and by the assistance of oth-  
ers, we would greatly appreciate informa-  
tion from our readers who know of sub-  
scribers who are not receiving the "News."  
Send also date of your subscription, with  
any renewal of subscription.

A single subscription for the "News" is  
fifty cents a year. Send us the subscription  
of three others and we will send you an-  
other for yourself. That is, we will give a  
clubbing rate of four subscriptions for the  
price of three—\$1.50 a year.

Agents wanted in every town on the Pa-  
cific Coast and in the Rocky Mountains.  
Address the Circulation Manager.

For twenty cash subscriptions of 50 cents  
each, we will send you a Conklin's \$3 self-  
filling pen.

If you wish to combine the "News" with  
any other educational journal, we will allow  
you to do so, for the price of the other pub-  
lication alone. There are a few exceptions  
to this offer, but only a few.

If you wish to combine more than one edu-  
cational magazine with the "News," add to  
their combined list price, 50 cents for the  
"News," then deduct 25 per cent of the total  
amount and send us the balance.

The following list of publications is sug-  
gested as being excellent for combination  
with the "News" at the price of the other  
publication alone, indicated with its name:

School Review .....	\$1.50
The Elementary School Teacher .....	1.50
Primary Education .....	1.00
Popular Educator .....	1.00
Normal Instructor .....	.75
World's Events .....	1.00
Primary Plans .....	1.00
N. E. Journal of Education .....	2.50
American Primary Teacher .....	1.00
Review of Reviews (Amer.) .....	2.50
Modern Priscilla .....	.50
Pandex of the Press .....	1.50

We are offering the Review of Reviews,  
Woman's Home Companion, the Cosmopoli-  
tan and the Sierra Educational News (list  
price, \$5.50), all for \$3.00.

Owing to a temporary change in office  
arrangements, the work of getting out this  
number of the "News" has had to rest upon  
one whose time is almost entirely taken up  
with other work for Boynton & Esterly. In  
consequence practically no time could be  
used for the preparation of original matter  
along the line of Book Reviews or Editori-  
als. This will be largely true of the  
August number as well, since the inconven-  
ience arising from the destruction of our  
offices in San Francisco has largely handi-  
capped us in getting necessary work done  
promptly. We hope that the September  
number will not be interfered with to such  
an extent.

We had expected to publish a large num-  
ber of articles concerning private schools this  
month. As nearly all are starting anew,  
such descriptions would be of little value.  
We would call attention to an article on the  
Metropolitan Business College, with whose  
work the earthquake and fire has interfered  
very little, the building being situated a  
block or two beyond the burned district.

Kindly send us names and addresses of  
subscribers who are not getting this paper  
regularly.

## Editorial.

One of the noticeable features of the  
seeking of positions this year is the irre-  
sponsibility of candidates. We do not ob-  
ject either as to the expediency or the mor-  
ality of delaying an answer within reason-  
able bounds. Two cases have occurred with-  
in the past few days, of men who have ac-  
cepted good situations at good salaries, and  
have continued their search actively for  
better places. Each has been elected to a  
better situation and without warning to the  
first boards have accepted the later situa-  
tions.

Note that these positions were not thrust  
upon them. The men deliberately sought  
them after having accepted other situations

which had been too good to lose. In each case they are liable to involve the Boards first employing them in embarrassment since teachers of their subjects and ability are far more scarce now than at that date.

Have teachers in general such elastic consciences? These men rely upon agreements to employ them to hold the board, while themselves immediately violating its spirit. They would be the first to proclaim far and wide the injustice of the Board should their election be set aside because a more promising candidate appears.

In neither case is there legal redress, although thereby the moral responsibility of these men is greater, since the Boards purposely held caucus elections early in order to come to agreement with them. Such conduct is unprofessional.

Prof. W. M. Mackay, principal of the Chico High School, in his annual report says:

"Last year there were 167 high schools in California. In the matter of average daily attendance, Chico High School stood number 24, and in regard to the number in its graduating class it was ranked seventeenth. For the purpose of comparison and contrast it might be well to compare the school's class of thirty with what other schools, that had regular graduating classes, gave as their numbers in the last report of State Superintendent Kirk. Therein Alameda is credited with 36, Oroville 6, Colusa 8, Willows 3, Pomona 19, Stockton 30, Redding 4, Vallejo 10, Sutter 3, Red Bluff 8. Some of the schools are beginning to count as graduates students that complete a two years' course of study, and indeed in some cases those who finish a single year's work. It should be the policy of this school in the future, as in the past, to enroll among its alumni only those who have had four full years' work. A certificate is given upon demand to any one completing two years' work in bookkeeping or two years' work in stenography and typewriting.

"In the matter of accrediting, the university has accredited the school in every subject that has been examined. Two new

subjects were added to our course one year ago—physiography and mechanical drawing. Though no examiners visited us, I feel confident that the university authorities will give our students credit in these two subjects. Although only 15 units are required for entrance to the University of California, this school has now an accredited standing of 22 units. Not only have our teachers given the school some reputation, but the school has helped to make our teachers well known. For the past two years one of the important high schools around the bay, with an enrollment of 750, has not been accredited in such fundamental and important studies as plane geometry, American history and government."

## CERTIFICATION.

Owing to incomplete data at the time of writing a full report of the recent meeting of the State Board of Education on June 29, at California Hall, on the University of California campus, cannot well be given in this number. We expect to publish it in the August number.

The board adopted the following amendment to the rules regarding the granting of High School certificates to candidates for teachers' licenses:

"High School certificates may be issued to candidates who have received the bachelor's degree from a college requiring not less than eight years of High School and college training and who submit evidence that in addition to the courses required for the bachelor's degree they have successfully completed at least one-half year of graduate study in a university belonging to the Association of American Universities; which half-year of graduate study shall consist of advanced academic study (part of the time, at least, being devoted to one or more of the subjects taught in High School), and one-half year as student teachers in a well-equipped school of secondary grade, under conditions conforming to the requirements presented by the board as the minimum amount of pedagogy.

# List of Schools Accredited at the University of California.

Recommended graduates who wish to postpone their entrance to the University should send their recommendations, with specific request for extension, to the Recorder of the Faculties. Extension may be granted for one year, with the possibility of renewal, upon request. Recommendations become invalid if not presented within twenty months after graduation.

Recommendations in free-hand and geometrical drawing are subject to approval by the Department of Drawing after the applicant has entered the University. Graduates of accredited schools who enter the University of California should carry their drawings with them to the University for inspection by the Department.

### RIDDLES

What is it we often tell others to do and cannot do ourselves? Stop a minute.

Why are teeth like verbs? Because they are regular, irregular and defective.

Why is a spider a good correspondent? Because he drops a line at every post.

What is that which, the more you take away from it, the larger it grows? A hole.

Why is a poor friend better than a rich one? Because a friend in need is a friend indeed.

Which is the only way a leopard can change his spots? By going from one spot to another.—Sel.

## STATE UNIVERSITY OF OREGON

The regular meeting of the Oregon board of regents was held June 26th. The following were in attendance: S. H. Friendly, of Eugene; N. L. Butler of Monmouth; J. W. Hamilton of Roseburg; C. A. Dolph of Portland; R. S. Bean of Eugene, and M. A. Miller of Lebanon.

In the business transacted the following named persons were given an increase in salary for the last six months of 1906: Profs. Hyde, Howe, Schafer, Sheldon, Stafford, Sweetser, Dearborn, Adams, Converse, Burden and Miss Slater. The salary certificates issued in January 1905, were ordered paid with interest to July 1, 1906.

### Resignations

The following resignations were read and accepted: Dr. Chas. Friedel, as head of the department of physics; C. A. Burden, as physical instructor; Miss Sibyl Thurston as assistant in modern languages; David Graham, as assistant in the department of political economy.

### New Appointments

To fill these vacancies the following were appointed:

Dr. W. P. Boynton as head of the physics department; Hugo Bezdek of Chicago, as physical instructor; Dr. Timothy Cloran, of Madrid, Spain, as head of the romance language department, and John Brindley of the University of Wisconsin, as assistant in the department of political economy.

Mr. Bovard, who was formerly an assistant in the department of biology, was re-elected as assistant at a salary of \$1000. Professor R. H. Dearborn was granted a leave of absence for a period of nine months and Chas. R. Reid was appointed to take his place at a salary of \$900 for the college year. Donald Stevenson, a member of the class of '07, was elected as assistant in the wood shop with a salary of \$200. Carl McClain, '06, was given the position of assistant in civil engineering at a salary of \$700.

The salary of Albert R. Tiffany as registrar was increased to \$900 per year.

A. W. Jackson was given the position of assistant in the department of physics with a salary of \$400.

A building committee consisting of Regents Bean, Miller and Friendly was appointed to supervise all arrangements for the new library building and the woman's dormitory.

### OFFER FROM CARNEGIE

A letter from Andrew Carnegie was read in which he offered to donate to the university a library building to cost \$30,000, on the

condition that \$5000 be expended on it each year for maintenance. Nothing was done in regard to the matter, as it was a subject for the state legislature to pass upon first.

### Metropolitan Business College Stenographic Institute and Academy, San Francisco.

The above named institution, located at 925 Golden Gate avenue, opposite Jefferson Square, in San Francisco, re-opened twelve days after the disasters in the metropolis, undaunted by the temporary demoralization of business, and is now under full headway again with a large enrollment. Its president is the Honorable R. H. Webster, M. A., for many years head of the commercial branches in the public business high school and latterly superintendent of city schools. The manager is A. L. Jordan, B. L., formerly head of department of the same high school, latterly deputy superintendent of schools.

The institution absorbed the California Business College, at one time having the largest enrollment of any college of its class. The distinguishing features in the Metropolitan are its unequalled course in advanced composition and the university and college degrees held by its teachers and heads of departments. Three hundred are graduated annually and are remarkably successful, gaining eminence through the scholastic as well as the expert training received. A course in this college by anyone is a guarantee to teachers of superior employment, as those who have been graduates from the commercial course therein are all succeeding in the various union high schools most excellently. It has developed since the disaster in the city that there is a greater demand for than supply of commercial graduates to assist in commercial houses.

Therefore, no one desiring congenial employment need hesitate to make preparation as accountant and stenographer. There is a great difference in the length of hours and other advantages. The Metropolitan endeavors to find for its graduates positions at seven or eight hours a day and when possible Saturday afternoons off. It is common that its graduates obtain these advantages and secure as much as \$900 a year in practically life positions. Some might prefer such hours and such emolument to the rewards of school training. To all who are interested we would suggest they call upon or communicate with the Metropolitan.

### For State Superintendent.

(From St. Helena Star, June 22, 1906.)

Miss Kate Ames, for two terms Superintendent of Schools in Napa county, has de-

cided to enter the race for the Republican nomination for State Superintendent, and has authorized the Star to announce the fact. This decision was reached by Miss Ames after consultation with many of the leading educators of the State, who encouraged her to seek the nomination for State Superintendent, promising her cordial support. Miss Ames has had a most successful career in educational work. Before beginning teaching she was a student in the San Jose Normal school. For a number of years she was a teacher in the Napa school department, a position she filled with entire satisfaction. In 1894 she was nominated by the Republicans of Napa county for superintendent of schools and was elected by a large majority over her Democratic opponent. After serving one term Miss Ames went to Stanford University and took a complete course in educational work and graduated in May, 1902. In the fall of that year she was again nominated for County Superintendent and was elected without opposition, the Democrats not nominating a candidate for that position. Miss Ames was secretary of the Northern California Teachers' Association for several years and was one of the vice-presidents of the State Teachers' Association in 1904. She is a member of the Council of Education, which is the advisory board of the State Teachers' Association, and at present is chairman of its committee on State teachers' reading course. She is also a member of the State Legislative committee appointed jointly by the State Teachers' Association and the Council of Education. For years Miss Ames has been a prominent speaker in the Council deliberations and on the State Teachers' Association programs, and has been an instructor in many of the different county institutes. There is no question as to Miss Ames' ability for the high position she seeks, as her record as an educator clearly shows. Neither of the great political parties has ever nominated a woman for State Superintendent, but Miss Ames is an indefatigable worker, understands campaigning, and will lose no opportunity between now and convention time in impressing upon those who will have the nominating power, that she has claims for preferment that deserve recognition, and that she has the qualifications necessary to do excellent work for the schools of the State if nominated and elected Superintendent of Public Instruction.

### WHAT IS A SLEEPER?

While the sleeper sleeps in the sleeper, the sleeper carries the sleeper over the sleeper under the sleeper until the sleeper which carries the sleeper jumps the sleeper and wakes the sleeper in the sleeper by striking the sleeper under the sleeper on the sleeper, and there is no longer any sleeper in the sleeper on the sleeper.

ON THIS DATE, JULY 14TH, OUR SAN FRANCISCO OFFICE  
NEEDS

## Commercial Teachers

OF EXPERIENCE  
FOR ABOUT TEN SITUATIONS PAYING

**\$800—\$1200**

WE ALSO NEED AS MANY

## Science Men

PARTICULARLY THOSE OF EXPERIENCE,  
AT SALARIES OF

**\$1000—\$1300**

Next to these we need those who have studied those subjects but who may not be experienced; also competent teachers of **High School Drawing**, who have certificates for regular High School work in this State.

The above subjects are needed most, but we also have regular occasion for teachers of almost any combination, especially **Modern Language**; odd combinations may be the most useful. Such groups as **Science and German**, **Science and Drawing**, **Latin and German**, **Latin and Spanish**, **History and German**, **Drawing and Commercial Work**, are among our present needs.

We have already filled several important principalships this month at \$1500 or better. It may seem that there are too many men in the field already; nevertheless, we have been unable to present satisfactory candidates for a good place at \$1500, because we hadn't enough available. The opportunities for a man of executive ability and three or four years' successful experience are and will be numerous.

To get in touch with these situations you should be enrolled with

## Miss Edith Page of San Francisco, Wins \$5.

She Chooses the Santa Fe "ad" as best.  
The Following are her reasons.

San Francisco, Cal., July 15, 1906.

Mr. C. E. Boynton, Berkeley, Cal.,

Dear Sir—Answering your question as to the best ad. in the May number of your magazine, I would say that in my opinion the best ad. in the book is that of the Santa Fe Company, on the last page of the book, basing my opinion on the following good points of the ad.:

1st—The ad. is by far the strongest in the book. The heavy, black lettering on the white background gives it vitality and life and makes a decided impression on the mind of the reader. It is big and bold and stands out bravely to demand the attention of the reader.

2d—The ad. is concise and to the point. The lettering is not crowded or cramped, and in a glance the mind absorbs the full meaning of it.

3d—It is disinctive in design, the odd Santa F e cross adding to its quaintness.

4th—Being vacation time, it is now also traveling time for numbers of people, especially teachers, who travel at no other time of the year. For these, therefore, a railway ad. is full of special interest, and they would give it their fullest attention.

5th—A great many of the ads. in the paper are of interest to the inhabitants of a comparatively small territory only, while this ad. is of universal interest throughout the United States.

6th, and lastly—A full-page ad. is naturally more noticeable than the smaller ads of the magazine.

For the second best ad. I choose that of the American Book Company, on the inside of the back cover. This, also, is a striking ad., because of the heavy lettering and especially underlining. The first and third lines and last word draw the eye—**American Book Company, 1055 Washington St., Room 10, Oakland**—you have it all there in a nutshell.

Hoping that you will find the choice and reasons above given deserving of a prize, I remain,  
Yours truly,

EDITHA PAGE.

Other "ads." receiving first choice on the part of contestants were: The Boynton and

Esterly "ad." on back cover; American Book Company, on inside back cover; Horace K. Turner, on page 22; and Scarborough Co., on page 4.

### Announcement.

#### Summer Session—Boynton Normal

An examination of applicants for teachers' certificates, grammar grade, will be held in Los Angeles by the County Board of Examination, beginning Monday, September 3d, at 9 o'clock. Accordingly, a Special Session of Boynton Normal will be held from July 16th to August 31st, seven weeks.

If four or more pupils enroll, the tuition for the term, forty days, will be \$25.00 each, for daily recitations in four subjects; or \$35.00 in six subjects.

The first session will be at 2 p. m. Recitations for that day will be in: (1) Fractions; (2) Forms of Nouns and Verbs; (3) Word Analysis; (4) Physics.

Thereafter sessions will begin at 9 a. m., or at such an hour as best accommodates the class.

Private lessons at reasonable prices.

**BOYNTON NORMAL,**  
Third and Spring Sts.,  
Los Angeles, Cal.

July 11, 1906.

"I can tell you one thing, Maria. If Johnny is like me, he will have good staying qualities, anyhow." "He has them now, John. He'd stay in bed till noon every day if I'd let him."—Boston Traveler.

A Chicago professor is lecturing on "How to Lie When Sleeping." The politicians are much interested. In the heat of a campaign much time has been lost because lying has been limited to waking hours. The effects of the learned professor's discovery upon the next campaign are awaited with interest.—Nebraska City Conservative.

"The recent discussion started by the action of the Brooklyn Public Library in questioning the advisability of allowing children under fifteen to read of the pranks of Mark Twain's boys, 'Tom Sawyer' and 'Huckleberry Finn,'" said a literary critic recently, "reminds one of the story of the careful lady about to purchase a book for her son. 'Show me some books suitable for a child, please,' she said to the clerk. 'No fiction, but absolute truth, and without absurdly fanciful pictures.' 'Well, madam—' The bookseller paused, his eye running over his shelves; then with a flash of inspiration he took down a volume. 'I should think this might meet your requirements,' he said. And he handed her Wentworth's Geometry."
